- The ID card functions as an electronic wallet system. Cash cannot be withdrawn from this account. You may deposit funds into the Get-It card feature for use around campus. For more details, visit <https://cardservices.tcnj.edu/>.
- Students are reminded they should not punch a hole or damage the integrity of their TCNJ ID card. By doing so, the ID card may no longer function as a swipe or tap card. Replacement ID cards cost \$10.

Authorized Users

- The student needs to register their parents/guardians as an Authorized User. You may add up to three people as Authorized Users. To do so, log into **PAWS**, go to **Student Center**, and click on **Auxiliary Access** located in the **Personal Information** section. Click on the **Add** button to create your auxiliary access. Provide all the information requested on that screen and select from the list what access you wish to grant. A welcoming email will then be sent to the Authorized User's email. For further instruction visit: <https://studentaccounts.tcnj.edu/paws-tutorials/>
- Students must inform their Authorized User of their USER ID, password, PIN and the link to access PAWS. When in contact with the school, the Authorized User will be required to provide the students PAWS ID number and their Authorized User Pin before any specific information will be disclosed.

Billing

- Fall 2022 bills are scheduled to be issued on or around July 27th and will be due on or around August 10th. Billing notifications are sent to the student's TCNJ email and any Authorized Users that may be on the account.
- Please note billing emails will provide you with instructions on how to view the semester bill. The bill shown is a PDF, snapshot in time, of the student account. This will not be updated until subsequent billing notices. For a real-time view of the student account, including charges and payments, please visit the **Finances** section on the PAWS homepage, click on **Account Inquiry** then select **Activity** in the top ribbon bar. This will show the most recent account activity. Please refer to the "How to View Your Account Transactions" Student Guide for detailed instructions on the following website: <https://studentaccounts.tcnj.edu/paws-tutorials/>
- Overpayment on a student account may result in a refund which will be issued via paper check or direct deposit. Paper checks will be issued for students not enrolled in direct

deposit. Once a refund check is issued, the student will be notified via their TCNJ email with further instruction regarding the refund. If a student wishes to enroll in direct deposit, they may do so through PAWS any time prior to the refund being processed.

What is an Authorized User?

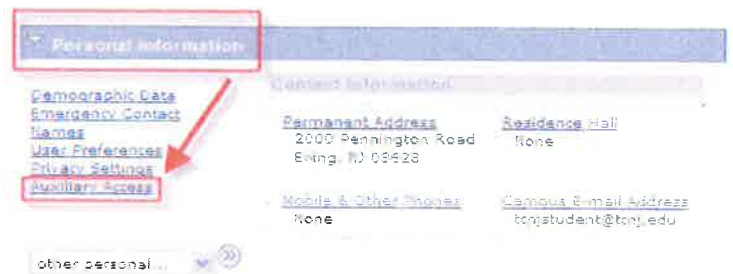

- An Authorized User is an individual who has been granted permission to view and discuss a student's billing, financial aid, and/or education records. TCNJ students are eligible to grant multiple people access.

Why does it exist?

- In an effort to maintain confidentiality and security, The College of New Jersey has initiated a number of steps to ensure a student's privacy. TCNJ has implemented Authorized Users to grant others access to their student's records while in accordance with the Family Educational Rights and Privacy Act (FERPA).

How do I add an Authorized User?

- Log into PAWS and select Student Center
- Under Personal Information, select the Auxiliary Access link
- Read the TCNJ Auxiliary Access Terms and Conditions and select OK
- Select Add

- **Enter in the following and select OK:**
 - The Authorized User's (Aux User) full name
 - His or her relation to the student
 - Password (confirm password): The password will belong to the Authorized User.
 - PIN: Create a PIN number for the Authorized User. This PIN will be needed for telephone or in-person verification of the Authorized User inquiring about their student's information.
 - Select the access the Authorized User should be granted.
 - Type in the Authorized User's email address for setup confirmation
- **Setup is now complete.**
 - In order to log into PAWS, use the assigned Aux User ID and the password created. If the User ID, password, or PIN is forgotten, it will need to be confirmed and/or reset by the student.
