

## Description of Mandatory Fees

- **General Services Fee / Capital** – All income from this fee is dedicated exclusively to fund the annual debt service requirements relating to educational and general (E&G) facilities, in-addition to funding the capital plan that addresses the continuing asset renewal of existing E&G facilities.
- **Student Center Fee** – The Student Center Fee is dedicated exclusively to support the operation and maintenance (including personnel cost) of the Student Center, including asset renewal and other capital expenditures.
- **Student Activity Fee** – The Student Activity Fee is collected by The College of New Jersey (TCNJ) on behalf of the Student Finance Board (SFB). Under the Delegation of Authority by the Vice President for Student Affairs, the SFB is responsible for allocation and management of the funds. The SFB is an elected Board of student representatives. The primary goal of the SFB is to allocate the Student Activity Fund to various student clubs and student service organizations for the purpose of enriching the co-curricular life (including personnel cost) of the college community.
- **Health and Wellness Fee** - The Health and Wellness Fee is dedicated exclusively to supporting the provision of student health education, medical services for acute illness and injury care, and sexual and reproductive healthcare within Student Health Services. Services can be accessed without concern for privacy, insurance networks, co-pays, deductibles, and coinsurance. The Health and Wellness Fee also helps offset the maintenance and cyclical replacement of fitness center equipment.
- **Card Service Fee** – The Card Service Fee is dedicated exclusively to partially support the operations (including personnel costs) and equipment maintenance of the College’s ID card program.
